2016/1559/P	Tim Drewitt AA Dip RIBA	53 Romney Court 139 Haverstock Hill London NW3 4RX	30/04/2016 12:10:12	COMNOT	<ol style="list-style-type: none">1) The North wall of the planned 6th floor extension is almost on the boundary between 135 and 139 Haverstock Hill. The glazing in this wall therefore appears to breach the Building Regulations as it is on/ close to the boundary.2) The glazing on the North elevation 6th floor is excessive and will give rise to considerable overlooking of the adjoining property and is closer than 18 meters to adjoining windows in 139.3) A smaller more discrete extension to the roadside of the property on the 6th floor would be more acceptable and less intrusive on no. 1394) The current proposal can be considered as overdevelopment of the site.
