| 2016/1814/P | Michele Sklar | 1 Antrim Mansions Antrim Road London NW3 4XT | 05/05/2016 07:51:21 | OBJ | The grant of these extraction units at ground floor and extraction units at first (both of which have already been installed) will direct all waste air directly into one of my bedrooms and my kitchen. This is totally unacceptable. Apart from the fact that these units are an eyesore I cannot believe that this is environmentally acceptable. |
