2016/1590/P	Nina Griffin	21 fitzjohns avenue	04/05/2016 09:45:39	SUPPRT	I am in full support of the scheme, Hampstead area does NEED more public schools which are not faith school or privates. One just need to look how oversubscribed schools like fitzjohns primary are. Using an public building for an school which is serving our community and providing a good free education for our children is just common sense. In regards to the concern of jammed road, this can be solved with good planning. We are not talking about truck drivers, there are children mostly coming by bus or walk.
