Your comments on the planning application

I think this building will create huge upset for the businesses and residents in and around Eagle Street. The noise, and dust created by such a large development, on Eagle Street will be high and the ensuing impact of site traffic will be detrimental to the wellbeing of those living and working in the immediate area.

I also believe the hight of the development excessive robbing people of their right to light and is generally an eyesore.

Planning Application Details

The new use will also see an increase of noise and traffic in a relatively quiet corner of Holborn.

It is already hard enough for residents to negotiate the congestion of Holborn and this will be yet another street that will be blocked / choked.

I would also worry about ventilation in this narrow street that is a virtual cul-de-sac, the relatively high buildings either side of a thin road, where will all the dust go?

How will the plant and trucks get access? I believe the quality of life of those living with the building works will be very much damaged.
