London and Middlesex Archaeological Society - for and behalf of the

Council for British Archaeology

For the attention of Zenab Haji-Ismail

This Committee acts on behalf of the Council for British Archaeology in respect of Listed buildings and Applications within the Greater London area. The Committee discussed the above case at its meeting on Tuesday, 26 April 2016 and made the following observations:

The Committee noted that there had been a number of local objections to yet another private school in Hampstead, and strongly objected to the over development which would adversely affect the setting of the adjacent Listed building.
