Subject: Proposal for s Sainsburys st Belsize

I wish to lodge an objection to another threat on the NW3 neighbourhood. We already have a fantastic local Budgens which is the best in London and had become part of our neighbourhood. It is a good supermarket.

To build across the road means no small business can open, competition to existing g small shops, traffic and parking g problems - we already suffer from a dearth of paid parking g available in Belsize.

The noise and inevitable clutter are needless and as there is a Sainsburys superstore size just down the road in Camden, along with a string of hideous smaller Sainsburys and Tesco's lining Chalk Farm, Camden Town and Hampstead, why clutter up this area with a shop locals do not want. The inevitable building, supplying the shop and clearance of waste mean more traffic, more noise pollution and further air pollution .

There is no reason for Camden to ignore everyone 's wishes except those of a corporate expansion board.

I sincerely hope you will take this objection to heart.

Harriett Brand  
12 TANZA Road
