2016/1243/P	SUSAN ROSE CHAIR HIGHGATE CAAC	HEATH WINDS N6 6NA	08/05/2016 09:33:56	OBJ	Highgate CAAC has considerable reservations about the design of this display panel. The documentation submitted with the application is also very poor giving little real idea of what is proposed. AS far as can be ascertained from the poor quality image submitted this panorama is placed on top of a low white Portland stone plinth. This is awkwardly designed and out of keeping with the surroundings and thus to the detriment of the CA at a very sensitive and important location. A waist high slender metal support for the panorama would be a better solution.
