2016/2273/T	Sherry Loh	16F Belsize Square London NW3 4HT	08/05/2016 06:37:41	OBJ	This is a lovely tree that has established itself over many years. Felling it and replacing it should not be an option. It adds to the aesthetic beauty of the area, cuts down the noise and pollution from Finchley Road and provides privacy. I strongly recommend the tree remains for all to enjoy. Thank you
2016/2273/T	N Jones	17D Belsize Square London NW3 4HT	08/05/2016 22:11:56	OBJ	This proposal needs rejecting. The tree designated for removal is stunning providing a constantly changing colourful majestic beauty throughout the seasons. It provides privacy from my neighbours opposite and helps the local environment. I strongly oppose any desire to spoil the beauty and character of this area and consequently I urge the Council to do likewise.
2016/2273/T	John McGahern	16E Belsize Square London	07/05/2016 22:38:25	OBJEMAIL	I urge the Council to reject this application. It would be a travesty on the environment and the beauty of the rear gardens of Belsize Square and Lancaster Grove to allow this tree to be removed. It provides a beautiful view, attracts a number of birds and ensures a certain degree of privacy. It would be a major loss to the area to lose this majestic tree.
