2016/1384/P	Matt Jervis	Flat A 338 West end lane West Hampstead London NW6 1LN	10/05/2016 21:35:30	COMMNT	I have no objection however concerned about the noise levels of this project. For example what would be the work schedule and how many days a week. My bedroom borders on to the property where work is taking place. For example will there be work over the weekend? Anything under 10:00am on a weekend would be an inconvenience. Weekdays I would consider Hours inbetween 08:00 and 18:00 fine, but anything out of these hours would be a little annoying. I'm not objecting but would like to know the work schedule.
