2016/2273/T	Consuelo Phelan, hon. Tree Officer, BRA.	54 Belsize Park NW3 4EE	10/05/2016 18:31:01	OBJ	On behalf of Belsize Residents' Association, I should like to object to the felling of this healthy, mature tree, of a species that is not common in this area. It apparently provides privacy for neighbours which a replacement cannot do for many years, as well as a home for wildlife. I should think that entrance to the redundant air raid shelter could be filled in and landscaped without removal of the tree.
2016/2273/T	David Webb	17B Belsize Square London	11/05/2016 09:00:51	PETITNOBJ E	I would ask the Council to reject the removal of this mature and beautiful tree. It is a wonder to look at, provides pleasure, is aesthetically pleasing, attracts birds and other animals and provides us with a deal of privacy. Without it we would be overlooked. It would be a travesty to lose such a treasure.
