

FAO Case Officer Zenab Haji-ismail

Application to approve condition 21 of planning permission 2014/1617/P dated 18/02/2016 for the redevelopment of 100 Avenue Road.

Dear Zenab,

I understand from the above notice that Essential Living have applied to Camden to amend the Conditions 21 of the Inspector's Report, aiming to remove the beautiful trees beside our local Green at Swiss Cottage in preparation for the destruction of the building on the site.

Since their application is still subject to legal challenges, I object to this amendment being allowed.

There are several outstanding issues needing detailed examination, many of which **MUST BE APPROVED** by the Council **BEFORE** Planning Permission can legally be granted.

Detailed plans for the foundations have **NOT YET** been submitted and approved. The whole problem of Servicing the 184 flats in these proposed blocks has been ignored and a Delivery and Service Plan **MUST** be approved in committee **BEFORE** planning permission is allowed.

Please acknowledge receipt of this email as soon as possible.
