Your comments on the planning application

Thank you for confirming the correct application ref and not the ref on the letter.

I am writing on behalf of 68 Belsize Park, NW3 4EH next door to 67A.

I wish to object to the extension part of the planning application for 67A.

The proposed extension, by reason of its siting, would result in an unacceptable loss of privacy, and adversely affecting our enjoyment of our garden by me and my young family. As the proposed extension is at basement and upper ground

Planning Application Details

floor level across the entire site past the level of the back of the house into the garden. In the current layout 67A cannot actually see back into our house windows with the proposed build that will change with the bay window and full size terrace at upper ground floor level as they will be so far out into their own garden. This is a change in the privacy of our house and garden and enjoyment of our garden.

With this extra level on the extension it will also affect the light in our garden.

I am also unsure from the plans if there is further building against the boundary wall of our house or garden wall. We do not want any more build against our boundary wall of our house or garden.

The proposed extension, by reason of its size on two levels, would be out of keeping with the design and character of the houses in the area, and would have an adverse visual impact.

Thank you for your time.
