Please find attached Notice that I am required to serve on you in relation to the above Full Planning Application that is being submitted to London Borough of Camden in respect of alterations to the existing Bacton Tower building, located at the abovementioned address.

The Full Planning Application is required as New Line Networks are proposing to install two 0.6m, two 0.9m microwave dishes and an equipment cabinet on the roof of the building. We note the building already houses telecommunications infrastructure on its rooftop.

Should you have any queries or require further information, please do not hesitate to contact me on the number below. I have enclosed a copy of the proposal plans for your perusal.

Yours Faithfully
