2016/1791/P	Alexandra Lavery	14 Gainsborough Gardens Nw3 1BJ	17/05/2016 15:59:15 INT		This is a totally insensitive application for a pretty church in a conservation area and a very addition to the church that would be seen from the road and neighbouring houses

2016/1791/P	Janie Critchley	1 Northolme road	17/05/2016 15:56:29	COMMNT	This is a conservation area and these panels are totally inappropriate for the Church. They will be visible from the road and spoil the whole look of the church and environment.
2016/1791/P	Tilly Flaux	109 Vincent Street London sw1p 4ba	17/05/2016 16:03:43	PETITNOBJ E	Fifty Solar panels - how unsightly for the community around and in a conservation area and on a listed building. Surely this will not be allowed?
2016/1791/P	Alexandra Lavery	14 Gainsborough Gardens Nw3 1BJ	17/05/2016 15:58:27	INT	This is a totally insensitive application for a pretty church in a conservation area and a very addition to the church that would be seen from the road and neighbouring houses
2016/1791/P	Janie Critchley	1 Northolme road	17/05/2016 15:56:25	COMMNT	This is a conservation area and these panels are totally inappropriate for the Church. They will be visible from the road and spoil the whole look of the church and environment.
2016/1791/P	Anneke Berrill Anneke Berrill Berrill	9 Duncan Terrace N1 8BZ N1 8BZ	17/05/2016 15:54:58	INT	Inappropriate for a conservation area and out of character for the local amenity as well as being visible from the main road.
2016/1791/P	Nick Hartley	20 Hopefield Avenue NW6 6LH	17/05/2016 12:40:20	COMMNT	I support the proposed installation. Solar PV is a reliable, silent and non-polluting renewable energy technology. We need as much of it as possible as part of the UKs long-term plan for a sustainable energy future.
2016/1791/P	Geotge Appleby	14 B, Lady Somerset Rd London NW5 1UP	17/05/2016 20:45:24	COMMNT	I strongly support this application. It shows the way forward for London
2016/1791/P	Geotge Appleby	14 B, Lady Somerset Rd London NW5 1UP	17/05/2016 20:45:08	COMMNT	
2016/1791/P	Geotge Appleby	14 B, Lady Somerset Rd London NW5 1UP	17/05/2016 20:45:03	COMMNT	
2016/1791/P	Geotge Appleby	14 B, Lady Somerset Rd London NW5 1UP	17/05/2016 20:45:02	COMMNT

2016/1791/P	Judith Isserlis	Flat 6, 91 Dartmouth Park Hill London N19 5HY	17/05/2016 16:56:58	COMMNT	I support this application. Locally generated renewable projects create local energy resilience and positively address the urgent issue of climate change--as such it is congruent with the Council's 40% target for reducing CO2 emissions by 2020.
