

Dear Sirs,

I am writing to **oppose** the Planning Application for the Chester Gate Garden, which would result in Chester Gate becoming a single lane road.

Chester Gate is already significantly congested with traffic. Turning Chester Gate into a single lane road will adversely affect the existing congestion.

Furthermore, the proposal to close the Regent's Park gates, for much of the day, will mean that Chester Gate will become one of the main access routes to the Outer Circle both for the residents of Regent's Park and for service providers. This is not consistent with a proposal that will result in Chester Gate becoming a single lane road and would result in unacceptable congestion.

Yours sincerely,

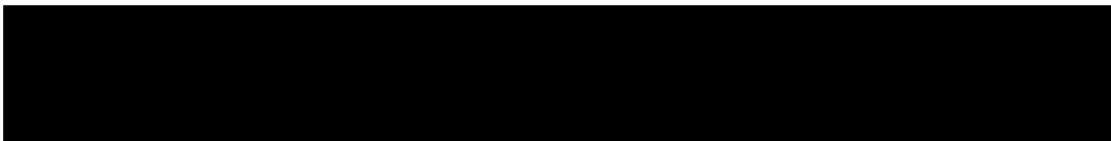

E.G.Embiricos
