

## HEADINGS & ABBREVIATIONS

<b>TREE NO.</b>	Reference number. Refer to plan or numbered tags where applicable.
<b>SPECIES:</b>	Common name.
<b>AGE RANGE:</b>	Y = Young, SM = Semi Mature, EM = Early Mature, M = Mature, OM = Over Mature
<b>HEIGHT:</b>	Estimated height expressed in metres.
<b>CROWN SPREAD:</b>	Radial crown spread approximately measured to the four cardinal points (for individual trees only). Tree groups: approx. total crown spread diameters.
<b>CROWN CLEARANCE:</b>	Height in metres of crown clearance above ground level (to inform clearance for structures/ movement of vehicles and shading).
<b>STEM DIA:</b>	Stem diameter – measured at approximately 1.5 metres above ground level. For multi-stemmed trees the basal diameter is measured immediately above the root flare
<b>SULE:</b>	The safe useful life expectancy in years the tree has on site.
<b>NATS</b>	None at Time of Survey (tree work)
<b>RE-INSPECTION CYCLE</b>	High: Approx. 6 months to re-assess recognized defect Moderate: Approx. 12 to 18 months Low: Approx. 3 to 5 years
<b>WORK PRIORITY</b>	1: URGENT=Imminent health & safety threat-Immediate action required; 2: High Priority=Required to address POTENTIAL health & safety threat-Within 6 months 3: Moderate=Required for Good Arboricultural Practice-Within 1 year; 4: Low= Good Arboricultural Practice-No health & safety or tree structure threat- At owners discretion

<b>SITE:</b>	LANGLAND MANSIONS, 228 FINCHLEY ROAD, LONDON, NW3 6QA
<b>CLIENT:</b>	London Residential Management Ltd (lrm) / Premier Management Partners Ltd (PMP)
<b>BRIEF:</b>	CARRY OUT AN ARBORICULTURAL SURVEY

<b>SURVEYOR:</b>	R. BALL
<b>ASSESSMENT DATE:</b>	20/02/2016
<b>VIEWING CONDITIONS:</b>	CLOUDY
<b>JOB REFERENCE:</b>	966
