Subject: 2016/1757/P-TfL comments

Dear Jenna

Transport for London (TfL) is notified of the above mentioned application. I was unsure who to direct these comments to in Camden Planning so I trust this correspondence will be forwarded to the to the case officer. TfL is not concerned with the application except for cycle parking provision. It is unclear whether staff, servicing and working on the antenna installation, would be cycling to the site. In any case the developer and Council should consider whether it is reasonable to provide at least one long stay cycle space either on street or within the confines of the building.

TfL has no further comment.

Regards
