**Re: Application to discharge conditions
For 27 Grove Terrace, London, NW5 1PL.**

18.05.2016

Application ref: 2015/0323/L

Dear James and Charles,

Further to our many discussions, site meetings and various email confirmation correspondence regarding the on-going works at 27 Grove Terrace with Charles, I write to apply for the formal approval of details reserved by condition and discharge these and all other relevant conditions. Charles has advised he is in acceptance of all windows and doors from the drawings, profiles and detailed sections and the sample of the lime mortar to the rear of the property all previously submitted to him. As mentioned to Charles the joiner for the windows has not got the capacity to produce technical drawings hence the submission of the actual timber profiles rather than a drawing.

Application ref: 2015/0323/L

Relevant items details required to discharge:

4

- a) Details of windows and doors.
As 2a) above.

I did call the Camden planning department to confirm if you have your own form and was advised the one on the planning portal would suffice. I have attached this form to accompany our letter, and should you require a subsequent form filling out then please advise me accordingly.

Should you have any queries regarding the attached or require any further information please give me a call at your earliest convenience.

Kind Regards,

Treena Boon
