2. Agent Name, Address and Contact Details

No Agent details were submitted for this application

3. Description of the Proposal

Please provide a description of the proposal, including details of the proposed demolition:

Exposed brick rear extension to a ground and lower ground maisonette. The extension consists of a full width rear extension of the lower ground floor and a partial extension on the ground floor in keeping with the historical footprints of the neighbouring buildings and overall character of the area. The materials have been selected to reflect the context - matching brickwork stock which is exposed to both exterior and interior. Evidence of a previous ground floor outhouse extension can be seen on the previous planing application, now infilled with mismatched brickwork. The scheme proposes to demolish the lower ground rear facade to make way for the extension and open plan living area. The upper floor extension proposes to demolish the previous infill brickwork and replace with new brickwork to match the original brick stock. Modern elements are discreet and of high durable quality - slimline aluminium sliding glass windows to the rear elevation opening to the garden, discreet rooflights are concealed within a flat parapet roof, not visible from side elevations due to the partially extended party walls. Accurate details of the neighbouring rear facade of N.51 Gaisford St. were difficult to obtain due to the severely overgrown vegetation which occupies almost the entire plot of open area, the overgrowth extending well over two stories all over the site.

Has the building, work or change of use already started? Yes No

4. Site Address Details

Yes No

Have arrangements been made for the separate storage and collection of recyclable waste?

Yes No

If Yes, please provide details:

8. Authority Employee/Member

With respect to the Authority, I am:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

Do any of these statements apply to you?

Yes No

9. Explanation for Proposed Demolition Work

Why is it necessary to demolish all or part of the building(s) and/or structure(s)?

The rear lower ground wall is to be demolished to make way for an open plan living area and bring light into the property, and making way for the extension. Similarly, it is necessary to partially demolish the ground floor rear facade in order to make way for the proposed bathroom. The quality of the current facade is also not consistent with the traditional brickwork in parts hence proposing to demolish areas where the existing brickwork has already been 'infilled' with mismatched bricks. The area on the ground floor facade consisting of original brickwork and sash window will be retained.

10. Materials

Please state what materials (including type, colour and name) are to be used externally (if applicable):

Boundary Treatments - description:
