Dear Mr Tony Young.

I have received your letter of 29/4/2016 asking for comments re application 2016/1875/P.

I cannot use your website as I'm too computer illiterate.

However, I would just like to say that since recently moving in to this address at 12, Buckland Crescent I have received many compliments when coming in or going out from passers by on the the fresh and smart look of the house.

I know Ms Rose has been very diligent with the house preservation, in fact I believe she spent a considerable sum having the balcony balustrades recast when she first took over the house thus preserving its original features, in fact it is now one of the most well preserved houses in the street.

Respectfully

D. Tomlin

**Subject:** House colour 12 Buckland Crescent

Dear Camden Planning,

I understand my neighbour has communications with you regarding the colour of her house. I just wanted to mention that I find the colour very appealing, more so than the 20 different shades of beige/gray/yellow you will find in our street.

I send you my comments by email because any letter asking for my opinion has not reached me.

Best regards,

Britt Gustawsson
