Drawing Nos: Design and access statement; SH97a-EX-GA-01; SHP-EX-GA-00; SHP-PL-GA-01; (SH97A-CON-SK-150622-) 01-04

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans SH97a-EX-GA-01; SHP-EX-GA-00; SHP-PL-GA-01; (SH97A-CON-SK-150622-) 01-04

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed canopy would subordinate to the host building and of a contemporary design that would match an existing side extension. The canopy would be a simple horizontal form located above the entrance which is set back from the main elevation and located at a lower level which limits the visibility from South Hill Park. The minor addition is not considered to detract from the character or appearance of the host building, street scene or the South Hill Park Conservation Area.

Due to its size and location, the proposal would not significantly harm the amenity of any adjoining residential occupiers in terms of loss of light, outlook, or privacy.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2016 and paragraphs 14, 17, 56-66 and 126-141 of the National Planning Policy Framework.
