2016/1234/L	Helia Evans	233 Levita House Ossulston Street London NW1 1HN "The Ossulston TRA"	20/05/2016 23:53:39	COMNOT	<p>Dear Sir / Madam,</p> <p>Please see comments for consideration ref to the following Application:</p> <p>Re: Application 2016/1234/L "Internal Refurbishment, First Floor - Office Space" at The British Library, 96 Euston Road - London (St Pancras &amp; Somers Town ward)</p> <p>There has been some consultation and work shops with members of the local community. I have been attended as a rep of my TRA "The Ossulston Tenants &amp; Residents Association" as another Planning Application of great concerns due to the impacts to this huge local population in our housing estate. Discussing as well how this local development "project" could benefit and or influence the local residents.</p> <p>However, looking at letters "responses" already sent for this Application it seems that first, the Listed Building and Conservation Area has to be resolved as per s.1 (5A) Act 1990. ("the Act").</p> <p>We hope to hear from you once this is resolved.</p> <p>With thanks.</p>
