THE FIRST SCHEDULE
Pro Forma
Construction Management Plan

The Council has produced a pro-forma Construction Management Plan that can be used to prepare and submit a Construction Management Plan to meet technical highway and environmental health requirements. This document should be prepared, submitted and receive approval from the Council well in advance of works starting.

The pro-forma Construction Management Plan can be found on the Council's website at:-

<https://www.camden.gov.uk/ccm/content/environment/planning-and-built-environment/two/planning-applications/making-an-application/supporting-documentation/planning-obligations-section-106/>

Please use the Minimum Requirements (also available at the link above) as guidance for what is required in the CMP and then download the Construction Management Plan

It should be noted that any agreed Construction Management Plan does not prejudice further agreement that may be required for things such as road closures or hoarding licences

Dear Sir/Madam

DRAFT
FOR INFORMATION ONLY - THIS IS NOT A FORMAL DECISION
Town and Country Planning Act 1990 (as amended)

DECISION SUBJECT TO A SECTION 106 LEGAL AGREEMENT

Address:
**262 Finchley Road
LONDON
NW3 7AA**

Proposal:
Change of use of a vacant basement to a 3x bedroom self-contained flat within an existing block of flats.
Drawing Nos: Location plan; 81/595/01; 81/595/02;81/595/03; 81/595/04; 81/595/05; SD202.

DECISION
The Council has considered your application and decided to grant permission subject to the conditions and informatives (if applicable) listed below **AND** subject to the successful conclusion of a Section 106 Legal Agreement.

The matter has been referred to the Council's Legal Department and you will be contacted shortly. If you wish to discuss the matter please contact **Aidan Brookes** in the Legal Department on **020 7 974 1947**.

Once the Legal Agreement has been concluded, the formal decision letter will be sent to you.

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans [Location plan -81/595/01; 81/595/02; 81/595/03; 81/595/04; 81/595/05;SD202.]

Reason: For the avoidance of doubt and in the interest of proper planning.

- 4 Prior to the commencement of any works on site, details demonstrating how trees to be retained both on and off site shall be protected during construction work shall be submitted to and approved by the Council in writing. Such details shall follow guidelines and standards set out in BS5837:2012 "Trees in Relation to Construction" and should include details of appropriate working processes in the vicinity of trees, a tree protection plan and details of an auditable system of site monitoring. All trees on the site, or parts of trees growing from adjoining sites, unless shown on the permitted drawings as being removed, shall be retained and protected from damage in accordance with the approved protection details.

Reason: To ensure that the development will not have an adverse effect on existing trees and in order to maintain the character and amenity of the area in accordance with the requirements of policy CS15 of the London Borough of Camden Local Development Framework Core Strategy.

- 5 Before the development commences, details of secure and covered cycle storage area for one (1) cycle shall be submitted to and approved in writing by the local planning authority. The approved facility shall thereafter be provided in its entirety prior to the first occupation of any of the new units, and permanently retained thereafter.

Reason: To ensure the development provides adequate cycle parking facilities in accordance with the requirements of policy CS11of the London Borough of Camden Local Development Framework Core Strategy and policy DP17of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

1 Reasons for granting permission.

Policies CS6 and DP2 of the LDF seek to maximise the supply of additional homes, the creation of a 1x2bed flat in the existing basement and former storage complies with these policies. The proposal also complies with DP5 in providing a unit identified as in need under the Dwelling Size Priority table. The proposed flat would provide a good standard of residential accommodation in terms of layout, room sizes, sunlight, daylight, ventilation and outlook. The proposal is consistent with Policy CS6 and the Residential Development Standards contained in Camden Planning Guidance.

To the west elevation is it proposed to install 6 windows, 5 would replace blocked-up openings and 1 would be new. It is proposed these would be of either timber or UPVC material, either material is considered acceptable within the context of the parent building and surrounding area. The proposal include 1 new timber door, which is considered acceptable. The proposed access ramp would be obscured by the existing boundary fence and not be viewed from the public realm. These alterations would be sympathetic to the overall design and character of the existing building.

No TPO trees on site, and the site is not within a conservation area. The supporting tree report indicate no harm to nearby trees would occur from the enlarged rear lightwell (1.0m increase width); and condition added to protect the trees during the development.

The site has a Public Transport Accessibility Level (PTAL) of 5. Policy DP18 expects development to be car free in the Central London Area, Town Centres, and other areas within Controlled Parking Zones that area easily accessible by public transport (PTAL of 5 or above). The development should therefore be secured as car-free via a Section 106 legal agreement. The provision of 1x cycle storage area secured and covered on the west side is required for the additional flat in keeping with polices CS11 and DP17.

1 objection was received and duly taken into consideration prior to making this decision. The sites planning history and relevant appeal decisions were taken into account when coming to this decision.

Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory

Reform Act (ERR) 2013

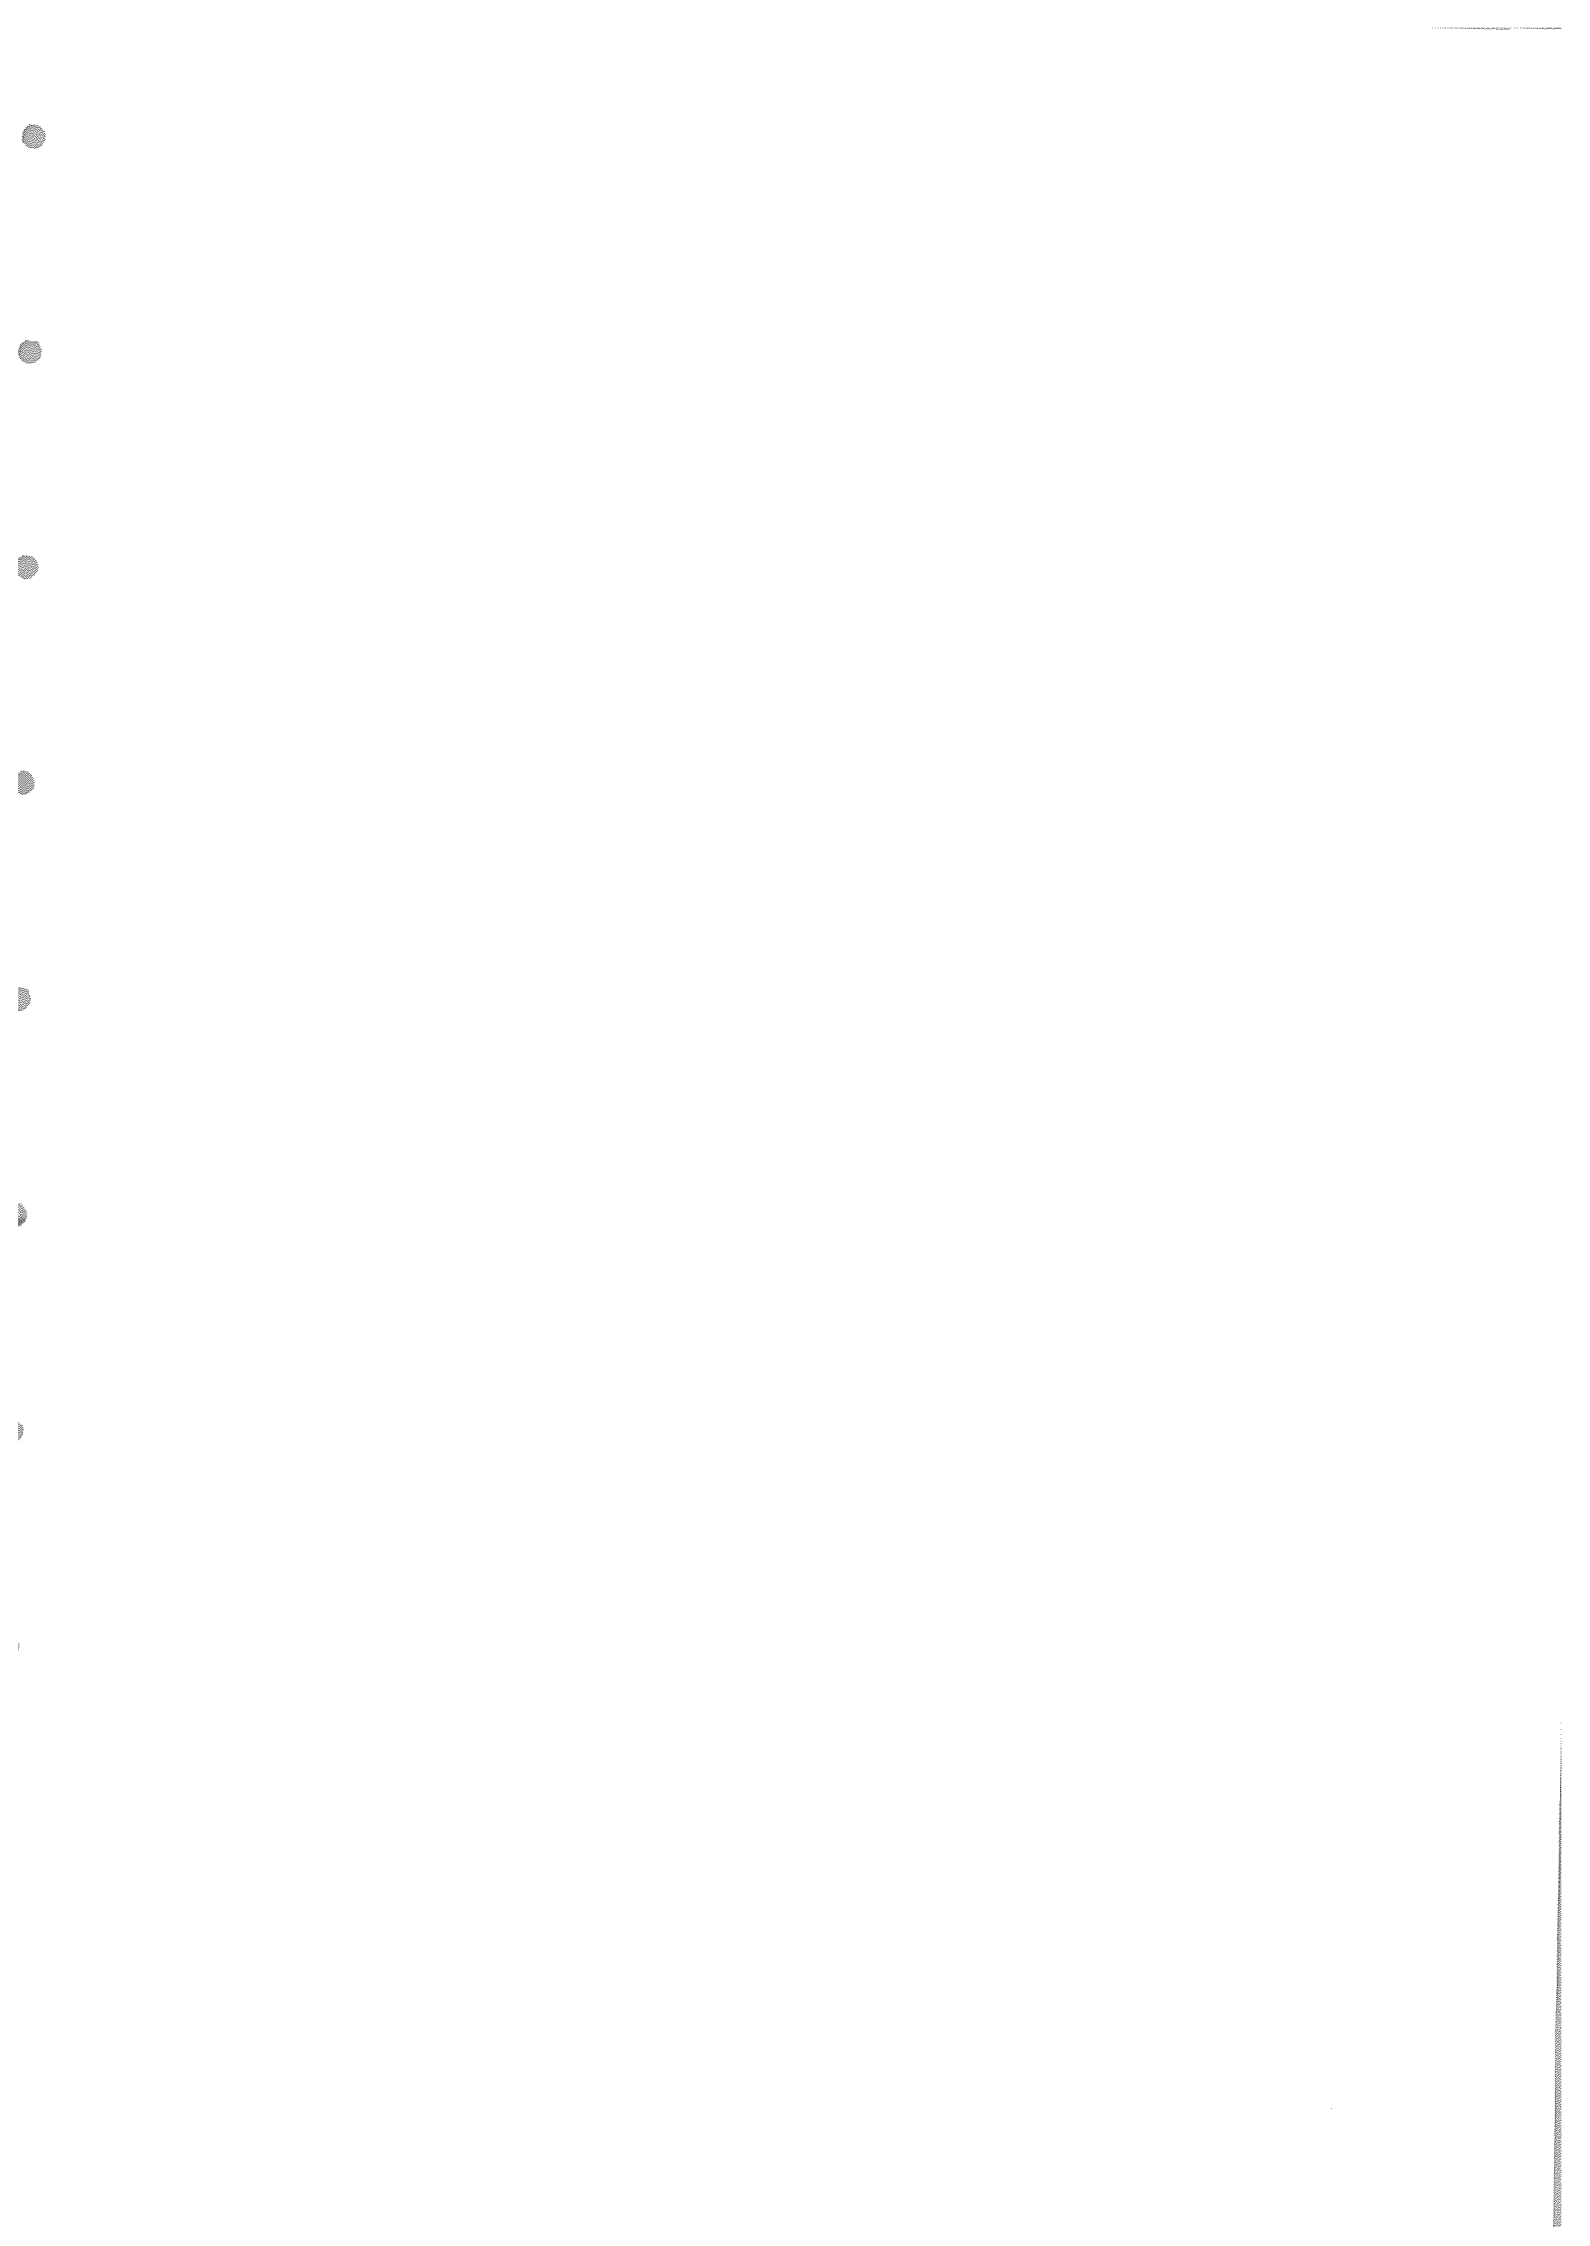

As such, the proposed development is in general accordance with policies CS1, CS5 and CS6 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP2, DP5, DP6, DP18, DP19, DP24, and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).
- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

Yours faithfully

Culture and Environment Directorate
