2 June 2016

Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Householder Application Granted**

Address:  
**56 Leverton Street**  
**London**  
**NW5 2NU**

Proposal:  
Replacement of all single glazed timber sash windows at front and 3 windows at rear with new double glazed timber sash windows.  
Drawing Nos: Site location plan; S11847-E-01, 1505\_L511 rev D, 1505\_L512, 1505\_DET001.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 (Promoting high quality places and conserving our heritage) of the London Borough of Camden Local Development Framework Core Strategy and policies DP24 (Securing high quality design) and DP25 (Conserving Camden's heritage) of the London Borough of Camden Local Development Framework Development Policies 2010.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: Site location plan; S11847-E-01, 1505\_L511 rev D, 1505\_L512, 1505\_DET001.

Reason:  
For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The proposal seeks to replace all single glazed timber sash windows at the front of the property and 3 windows at rear with new double glazed timber sash windows that will exactly match the existing windows in terms of materials, frame size, design and proportions. The one exception to this in terms of design is an existing 8-over-8 rear sash window (identified as 'eW 2.1a' on drawing no. 1505\_L511 rev D) which is proposed to be replaced by a 6-over-6 sash window. Given that the existing window appears to be a non-original window and different from all existing windows in the property and wider rear terrace, the proposed replacement with a 6-over-6 sash design to match all proposed windows, as well as, those in the adjoining properties, is believed to be an appropriate alteration. Therefore, it is considered that the proposed replacement of all timber framed windows will improve the character and appearance of the building and the wider Kentish Town conservation area, and as such, will be acceptable.

There are no amenity concerns as a result of this proposal in terms of loss of privacy or loss of light as the proposed windows will replace existing windows.

The site's planning and appeals history has been taken into account when coming to this decision. No objections have been received following statutory consultation.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 (Managing the impact of growth and development) and CS14 (Promoting high

quality places and conserving our heritage) of the London Borough of Camden Local Development Framework Core Strategy 2010; and policies DP24 (Securing high quality design), DP25 (Conserving Camden's heritage), and DP26 (Managing the impact of development on occupiers and neighbours) of the London Borough of Camden Local Development Framework Development Policies 2010, policy 7.4, 7.6 and 7.8 of the London Plan 2016 and paragraphs 14, 17, 56 -67, 126 -141 of the National Planning Policy Framework 2012.

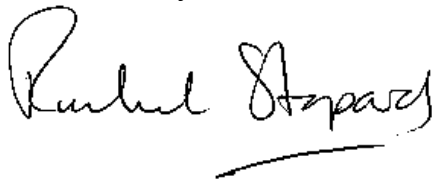

- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
