2016/1313/P	Vicki Harding	Garden Flat 19 Frognal Lane NW3 7DB NW3 7DB NW3 7DB	06/06/2016 17:56:03	COMMNT	<p>This project includes garden digging out and re-landscaping, yet the word tree is not mentioned anywhere and no plan of the garden is included. The rear gardens of Kemplay and Carlingford here form a green corridor which the trees and shrubs in the rear garden of 20 Kemplay Road contribute to.</p> <p>Before this application is considered a plan of the garden and a statement of what is proposed for the garden and its trees should be included, to ensure that tree canopy and biodiversity are both increased rather than reduced on this site, and that digging out the garden would not adversely affect the roots of any trees: BS5837: 2012.</p> <p>Vicki Harding, Tree Officer Heath & Hampstead Society</p>
