

<b>SPECIFICATION</b>			
Forestry Commission Practice note 8.			
All native species should be of local stock. Native trees and shrubs certified as British Native plant stock.			
All planting stock should comply with the Horticultural Trade Association National Plant specification.			
All planting preparation, handling, planting & maintenance should be in accordance with CPSE Code for Handling and Establishing plants.			
All trees and shrubs to comply with BS3936 Part 1 1992, planted to BS4043:1989 and BS4428:1989.			
All works generally, to comply with the written Soft Landscape Specification.			
Topsoil incorporated into planting beds to be gently mounded towards the centre of each bed to allow for settlement.			
On completion of planting the whole area of the shrub bed shall be mulched with 75mm consolidated thickness of medium textured decorative grade natural pine bark having first been prepared in accordance with the specification.			
Free standing hedges shall have a 3 strand galvanised wire and tanalised softwood timber post fence, to BS1722 Part 2:2000, erected along a line between the two rows of hedge plants.			
All existing trees and hedges to be protected in accordance with BS5837:2012 for the duration of the construction period.			
NOTE: DO NOT SCALE FROM DRAWING			
<b>Soft Landscape Legend</b>
