2016/1944/P	LFO	25A MORNINGTON CRLES	06/06/2016 14:59:22	COMMIT	The units as per the plans seem to be smaller than the required sizes. At the present the 3 bed maisonette can be occupied by 3 /4 people whereas as the new flats could only have ONE person in each. So what is the sense to reduce available sleeping area?

If this is allowed it would help me to appeal a refusal I received from L B Camden for a beautiful flat just because it was below the space standard.

I actually SUPPORT the scheme
