2016/2889/P	Francoise Findlay	10a Elizabeth Mews - London NW3 4TL	10/06/2016 09:40:40	OBJ	<p>Comments previously made in December 2015 re 2015/5846/P seem to have had no effect. The proposed porch remains the same despite being a poor design. The introduction of another vehicle crossover makes it ever more important to include planting a hedge and including soft landscaping in the front garden.</p> <p>The application form says that the site is not seen from the public road which is incorrect.</p> <p>The new bi-fold doors and windows as drawn on the proposed elevation drawing are entirely inappropriate for this Willett house. On the form there is mention of white aluminium windows where the conservation guidelines for the area stress that windows should be timber, as are the originals.</p> <p>Francoise Findlay For BCAAC</p>
