**Subject:** 28 Charlotte st planning application 2016/1345

Hi,

I have recently been made aware of the proposed planning application for 28 Charlotte st . As a parent with young children I completely oppose to the opening of Crabtree park ; already there are people entering the playground , smoking and littering . The opening will only make matters worse . The local authority has a duty to provide adequate and safe spaces for children to play ; having people smoking, swearing and littering while they are playing is not adequate !! I do hope local residents opinion is being taken into consideration.  
Looking forward to hear from you ,

Pia Mutu
