Dear Sir/Madam,

I write to object to the proposed second floor extensions to 28 Charlot street.
I know the house very well as a friend of the family.

My objections are:

The alterations would obliterate the studio of the artist Adrian Heath.

The proposed new windows at the rear would overlook the greenspace and substantially alter the character of that important community area.

The house is an important Georgian building the features and proportions of which should be retained for future generations.

Regards
