2016/1663/P	Garry Wall	Flat 1 21 Dynham Road London NW6 2NS	13/06/2016 19:30:28	OBJ	On behalf of the residents of 21 Dynham Road I wish to object to the proposed first floor terrace application for 5 Hemstal Road. The ground floor extension onto which this terrace will be constructed is very close to the garden at no.21 and this 'rather large' terrace will be like a viewing gallery directly above it. This will affect the privacy and enjoyment of the garden when conversations can and will be overheard due to the proximity of the railings. It will also allow those who use the terrace a clear view into the four flats at no.21 from the back. This will not be a small terrace and I am concerned that during the summer months it will be an extra 'party' room with barbecues and noise on a raised platform disturbing what is a peaceful enclave. Currently there is only one terrace that overlooks no.21 but this is to the side of our building and is four floors up and consequently does not disrupt any residents of 21 Dynham Rd. This proposed terrace is also alarming in its size!
