2016/0083/P	Julian Sharpe for St Giles Almshouses	10 A Dalmeny Road	15/06/2016 18:49:36 INT		We understand the scheme and see the logic of the proposals. We have just 2 considered points: 1. The proposed raked section appears to respect light lines but the proposed balcony edges allow people to overlook directly into our historic Almshouses courtyard which is the only outdoor space for our residents. We would ask that these balcony edge balustrades are set back from the edges so as to not allow overlooking. 2. Is a 3 storey extension an overdevelopment? A 2 storey extension could make a better transition between the taller buildings to the north and the historic buildings of Macklin Street and be more in line with previous proposals for this site.
