2016/2803/P	John Hersov	23 Willoughby Road London NW3 1RT	15/06/2016 17:50:40	OBJ	<p>This variation of condition 31 would still represent a risk of significant harm to the local community and neighbouring occupiers.</p> <p>The potential underground damage to a wide area of local properties caused by digging down to position the proposed 24 storey tower above Swiss Cottage Tube Station's southbound tunnel is incalculable.</p> <p>There needs to be careful and rigorous analysis of the risks to this TfL site as well as the coterminous properties before allowing any kind of demolition to take place.</p> <p>Please therefore refuse this application.</p>
