Subject: application number 2015/2704/P

Dear David Fowler,

I am the leaseholder at 33 Phoenix Court, Purchase St, London NW1 1EL. I am writing with my strongly felt objections to planning application number 2015/2704/P, a proposed tower block opposite Phoenix Court.

My objections are...

- 1) loss of light to Phoenix Court
- 2) loss of local green space
- 3) loss of parking on Purchase Street
- 4) addition of a cycle lane outside the Phoenix Court doorway
- 5) negative impact on (already poor) air quality from the loss of trees
- 6) the cumulative impact of local works that have been going on for the past ten years (most significantly the Kings Cross/St Pancras redevelopment and the building of the Francis Crick Institute) and will continue with HS2, Crossrail 2 and the British Library extension.

Please can you reply to my email so I know my objections are noted.

Kind regards,
Maria Yacoob
