Hi,

I would like to object to 2016/2562/P - the roof terrace application for 18 Iverson Road.

This will overlook a bedroom and the kitchen of my property, and I am concerned this will affect my privacy in my own home. I have included attachments showing how my property will be affected.

I appreciate that a glass screen is included in the plans but this is only proposed to be 1.8m in height. If this was raised to 2m in height, was a permanent compulsory structure and opaque glass then I would be less inclined to object. As it stands, I am very concerned about overlooking.

I am also concerned because for the past two years the property has been rented out to students who frequently play musical instruments at night, and have had a number of noisy all night parties which prevent myself and my flatmate from sleeping. I am concerned that having an outdoor space will increase noise levels and make this intolerable.

IF you publish this email please remove my contact details.

Kind regards,
Gemma
