**Subject:** Planning application 2016/2808/P - 1 Rochester Square

Dear Ms Hazelton,

Last week I made a comment, via the Camden Council website, on planning application 2016/2808P. My comment was made in support of the application, subject to two concerns - one as to the duration for which the temporary location of the units would be present on the site, the other concerning the location of the units.

Since the time when I made my comment, I have been in touch with the applicant, Eric Wragge, who has addressed my concerns.

I therefore support the application.

Kind regards,  
Tom Gentleman
