

Application No:	Consultees Name:	Consultees Addr:	Received:	Comment:	Response:
2015/6993/P	Michael da Costa	2 The Old Court House North End Way London NW3 7ER	21/06/2016 00:42:29	OBJ	Whilst we are pleased to note that the applicant has now submitted revised plans showing a smaller structure than initially proposed, our objection still stands. The issue is why the Council would allow construction of any kind on Open Metropolitan land, which is both unsightly and unnecessary? As it is the application is made on behalf of No8, Jack Straw's Castle, which has itself a deep almost empty garden, which could easily accommodate the proposed 'smaller' garden shed, rather than encroach on the curtilage of The Court House? W request the Council Planners and Councillors to reject this application on these and the original objections made by all 3-neighbours to the said property.
