2015/6736/P	leo	100 PPA	22/06/2016 21:43:54	COMMNT	<p>It is an absolute disgrace that after SIX months the Council have still not approved this application !</p> <p>The adjoining property received an approval on appeal for the identical extention and works. They are obviously annoyed about this and trying to be awkward.</p> <p>If the parking wardens and planning officers would swap jobs, we might get planning approvals within 10 minutes and paring tickets after 6 months and Camden would a much happier place.</p>
