Dear Ms Haji Ismail

Re: 100 Avenue Road
Ref App/2016/2803/P

I hear that Essential Living are again trying to amend condition 31 so they can demolish the existing building before the approval of detailed foundation plans. Of course this is wholly unacceptable because of the impact it would have on the neighbourhood without knowing how long the site would remain demolished etc. Many of us have many times objected to this and are resentful of Essential Living's disregard for the neighbourhood of 100 Avenue Road. This would be a major material change and not minor for us at all.
Please refuse permission.

Best regards

Shahnaz Bagherzade
