2016/2533/P	M D Sinclair	21 Belsize road NW6 4RX	25/06/2016 20:13:26	OBJ	We oppose the application for reason that adding a 1.8 m screen to a wall already 3.3m high produces an overwhelming 5.1m by 2.1m flanking extension wall of brick and glass, where there was once a 1.6m garden wall. Each house once had privacy due to a small flanking wall, which the infill did not change at first floor level, but this extension to no. 19 produces a large terrace that requires adding to the extension and height of the flanking wall to maintain privacy but then produces an unattractive aspect to no. 21.
