Informative(s):

- 1 Reasons for granting listed building consent:

The site is a grade-II-listed former warehouse, now subdivided into retail units. The application is to remove a quantity of brickwork to the rear of a retail unit to connect it with the retail unit behind, allowing increased flexibility in the use of the premises. No internal features survive and nibs and a downstand will be left in situ to indicate the original plan form. The proposal has been previously consented and the same operation has been carried out to the next door unit.

The proposed works will not harm the special interest of the grade-II-listed building.

As internal works, no public consultation has been necessary. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2016, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.

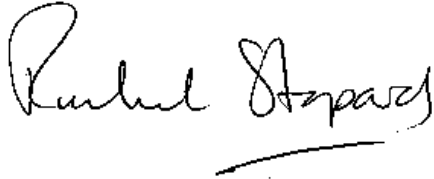

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, 5 Pancras Square, London N1C 4AG (tel: 020-7974 6941).

- 3 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.
