The funding gaps will continue but we residents will be lumbered with this ghastly development forever.</p> <p>Specifically: The scheme is too high at the back, the buildings planned are too bulky for the site and, despite being highly visible on a prominent corner, the design is of little visual distinction. It will overshadow many houses on Lymington Road and compromise the Conservation area behind it.</p> <p>Without providing enough employment space, green amenity or truly affordable housing - it has been strongly opposed throughout the consultation period by many residents from several different local groups and the NDF itself. And by WHGARA members</p> <p>Anna Franklin</p>
