Details of the pre-application advice received:

The proposed roof extension would be acceptable in terms of its design and impact on the character of the location and conservation area. The massing of the extension in close proximity to the residential units on adjacent building no 14 Cross Street would harm the amenity of those residential units and would not be acceptable to Development Policy plan DP26. The principle of the roof extension would be acceptable but a revised design and bulk that would not harm the surrounding amenity would be required for a favourable determination.
