2016/2968/P	Philip	20 Caenwood Court Hampstead Lane 20 Caenwood Court Hampstead Lane	06/07/2016 08:40:29	COMMEMP ER	As a resident of an adjoining block I have strong objection to this application. It is contrary to the original concept and design of this seven-year-old development. It creates new overlooking contrary to the information given. It creates an unbalanced design to a wall which was designed without windows. The ground floor window previously created does not create a precedent for allowing random further windows up this wall
