Subject: Planning Application- 2016 2827/P

Dear Sir, & Madam, It has been sent to our notice there has been a new application made for Flat 1. Maresfield Gardens. We would like to reconfirm our objection to this planning application. Any loss of parking space is detrimental to all other residents. From a safety aspect, the number of children using this pavement, going to the local schools, would be an accident waiting to happen, therefore we cannot believe this application is being considered yet again.

Regards , Frank & Margaret Willis. 45b Maresfield Gardens. NW3 5TE.
