Services.

Charles.

Dear Sir,

Planning Application 2010/2845/P  
Fairground Site, Vale of Health, NW3 1AU

I write to protest in the strongest possible terms against the above planning application. I have read a copy of the letter submitted by the Vale of Health Society, of which I am a member, and entirely agree with all the points raised therein with regard to change of use, recent past and current use, etc. etc. (objections nos. 1 to 6 inclusive). Surely being classified as Metropolitan Open Land precludes this area being granted a certificate of authorisation for use as a residential caravan site

For other than the immediate Abbott family, and particularly in this sensitive position on the edge of Hampstead Heath there would be an inevitable increase in traffic, additional (already often very difficult) parking of vehicles and attendant noise and pollution arising therefrom which would have an extremely serious impact on the whole of the Vale.

I urge you to reject this application totally and without reservation.

Yours faithfully,

~~XXXXXXXXXXXXXXXXXXXX~~
