2016/3512/P	Ellen Gates	11 Grove Terrace London NW5 1PH	13/07/2016 13:53:32	COMMNT	<p>I am the chair of the Grove Terrace Residents Association and am commenting on behalf of the members. While we have no specific objection to the changes proposed to the approved plans, we continue to believe that the La Swap building should not be built on the green in front of the school. This location for the building would:</p> <ol style="list-style-type: none"><li>have a detrimental impact on historic views up Highgate Road;</li><li>cause substantial harm to the character of the Dartmouth Park Conservation Area;</li><li>cause substantial harm to the setting of the Grade II* listed Grove Terrace; and</li><li>violate recent government advice against building schools close to main roads with high emissions.</li></ol> <p>In addition, the location would set a precedent for further development in the open spaces in front of PHS.</p>
