John

I agree with this disagreement to the submission for the reasons below. Please take this as my objection for purposes of the council neighbour consultations.

Subject: FLAT 1, 45 MARESFIELD GARDENS - Planning Application - 2016/2827/P OBJECTION

Dear John

With regard to the amended plans for the forecourt of No 45 and the introduction of a second crossover, the Netherhall Neighbourhood Association wish to express our objections on the following grounds: -

- 1 This will create a new second crossover to a separately owned parking bay. We support the council's policy of resisting the forming of new crossovers in our Conservation Area.
- 2 The second crossover will clash with the end of the existing street parking bay and result in its shortening. There are currently 4 car spaces in front of no 45 and this shortening of the bay will result in there being only sufficient length for 3 car spaces. The NNA resist any loss of our street parking spaces.

Regards

Stephen Williams

For and on behalf of  
Netherhall Neighbourhood Association
