Condition(s) and Reason(s):

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission

The proposal includes the addition of a new rooflight which is to be sited on the rear roof slope within the dormer. It is acknowledged the proposed roof light is not flush with the roof slope. However, given the rooflight is to be fitted within the dormer which would have limited or no views from the surrounding area the proposal is considered acceptable. The proposal is unlikely to an impact on the character and appearance of the host building, streetscape and the conservation area.

Given the siting of the proposals the proposal would not cause harm to neighbouring properties with regards to overlooking.

No objections were received. The application site's planning history and relevant appeal decisions were taken into account when coming to this decision.

The proposed development is in general accordance with Policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and Policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with Policies 7.4, 7.6 and 7.8 of the London Plan 2016; and the provisions of paragraphs 14, 17, 56-66 and 126-141 of the National Planning Policy Framework 2012.
