2016/3025/P	William Rood	47 Hartland Rd	20/07/2016 00:20:55	SUPPRT	<p>I see no reason to reject this proposal for an extension which will not be visible from the street and will not be higher than the house almost opposite at the corner of Hawley Rd and Hartland Rd, when permission has already been granted for a vertical extension at the house directly opposite at 30 Hartland Rd, and the development on the corner with Chalk Farm Rd, which has doors and a shop front on the same side of Hartland Rd, has been allowed to tower over all the houses on this side of the road. As a roof extension across the road will have as much impact as one this side, and as this proposal does not actually increase the total height of the building, with the new roof being well below the current height of the chimneys and only slightly higher than the current wall, I do not think this extension could inconvenience anyone, and it would enable a family to stay in the home they love.</p>
